***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1, 2, and 15 are rejected under 35 U.S.C. 102(b) as being anticipated by Nobileau et al. (4903776).

Nobileau et al. disclose a one trip method of tensioning and sealing a string comprising: running a string ("casing", col. 2, line 56) and a seal 81 together into a wellhead 11; securing the string (col. 5, line 48); positioning the seal 81 (figure 2b); pulling a tensile force ("picked up", col. 6, line 45); securing the seal 81 to the hanger 17 (figure 2b, col. 6, line 35); and securing the hanger 17 and seal 81 to the wellhead (figure 4b).

***Allowable Subject Matter***

Claims 3-14 and 16-20 are allowed.

***Response to Arguments***

Applicant's arguments filed 26 August 2005 have been fully considered but they are not persuasive. The examiner contends the Nobileau et al. recitation of the drill string being "picked up" is a pulling tension. The discussion of the improper placement of Nobileau et al. seal 81 is narrower in scope than the structure in claim 1.

***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
